We are GOING TO SCOTLAND, and we'd love YOU to join us!

Hello Favourite Travelling Friends!

Imagine a week immersed in the wild beauty of Scotland – dramatic skies, ancient castles, sweeping highlands and quiet lochs – all explored with a sketchbook or paints in hand.

Things will be a little different than usual because we are headed across the ocean! To keep things stress-free (and also so nobody gets lost!), we have hired a private coach and professional local guide to take us from Edinburgh in a loop through the country to visit many of Scotland's most picturesque painting places. Our Scottish hosts have arranged wonderful accommodations, breakfast and a fully curated experience - just for us! They fully understand how we work - they plan to take us to magnificent painting locations throughout the country each day - we can see the sights AND paint! They will also provide fantastic opportunities for our plus-ones to explore and see the sights! And there may be a dram or two of whisky to taste!

This special tour will be guided by your friendly and hilarious instructors, Doug Swinton and Sue Contini.
